0:00  
people love playing with me but hate it when I play back what goes around comes  
0:07  
around [Music]  
0:44  
hey Perry what's up listen I don't have a minute to spare because it's so much I  
0:49  
just want to get right into it [Music]  
1:08  
hi everybody how are you today hello I got a special  
1:16  
guest uh Perry will be with us I don't know where he is but he'll show up when he ready uh but  
we got a lot to talk  
1:23  
about today uh I'm gonna put as much information into this video that I can because I'm going to  
be covering another  
1:30  
case starting tomorrow so I don't follow love and marriage Huntsville fulltime  
1:35  
so uh only when there's tea and there's a lot of it today right too much well  
1:41

I'm glad you can make it Mr hey bar hey what's up look all

1:47

right how are you hey good bro all right you guys so let me get started so

1:52

yesterday or has it been the last no yesterday no the last two to three days have been a complete

[ \_\_ ] show uh when

2:01

it's coming to me reporting about love and marriage Huntsville um I've been dissuaded a lot of times a lot of people

2:08

try to just try to make me not talk about it anymore you don't watch the show why are you do I block it out I

2:16

don't give a damn what you say I'm covering the drama of the show and I

2:22

don't have to watch one single episode I I refused to do that too but ultimately my goal was to create a place that

2:30

people who felt that they were being bullied can come and talk so I was watching Anthony's Channel last night

2:38

and people were talking about how they like Martell or how they wish you know they see any growth and just speak in

2:45

their mind it was beautiful it was not all them Mel leaders clogging up

2:50

the listen I I was so much in love with the way that it went last night on

2:56

Anthony's channels that I'm starting a fan club called Martel omers okay this

3:01

is going to be Martell's Place uh you gonna get lots of love over here just

3:06

because I can just because I can't but a lot of people went crazy yesterday um with

3:14

these videos I don't know what she's talking she don't know what she's talking about this and this and

3:19

that let me share this with you guys so I was talking to one of the people who

3:24

were upset that I read a government document a government document somebody said that

3:31

ain't even my real name that's what's on the paperwork so if you have a problem

3:36

with that you need to go down to the records office and have them change it but I was talking I was getting ready

3:44

to take this channel down right I take this girl's Channel down and she had the  
3:51  
video on her backup Channel and I went over there and I just happened to see  
3:56  
she was blogging her life over there and she had a little baby and she looked like a single mom  
and I  
4:03  
thought you know that she didn't have a lot of followers but it's every uh subscriber  
4:10  
count doesn't it Anthony is like it's really hard to do and and what people don't realize is that  
when you get your  
4:15  
channel shut down it's not just the main Channel and then you can ride go over to your backup  
4:22  
channel that IP address is blocked so that means all of your channels go down  
4:31  
and I said to her I said girl what are you doing I Saidi was going to you know  
4:38  
fight you back but you have a baby and I looked up your trademark your Channel's  
4:44  
not trademark your name's not trademark your picture's not trademark you don't have a  
4:51  
LLC I said you need to go to Legal Aid and get all that stuff so what my point  
4:56  
being is that a lot of these people are in their 20s and 30s they're not thinking business they're  
thinking with  
5:03  
their heart if you don't have your trademark somebody can buy your name and  
5:09  
close your channel down if you don't have a LLC they will  
5:15  
bankrupt you because now that money's coming from you so it it really  
5:21  
is crazy that some people aren't advanced  
5:28  
in this game to even understand what you're doing it's more than just getting  
5:33  
here and dragging you I'm going to drag you and drag that what it's not about the drag it's about  
5:41  
whenever you get a damn lawsuit even if it's frivolous because  
5:47  
this \$10 million lawsuit is frivolous but the woman that filed the lawsuit is  
5:53  
an attorney so while you have to get an attorney you have to file motions she  
5:59  
could put anything she want cuz this is free and then she's hoping that one of

6:04

y'all dummies miss a filing date and then she wins by default how do I know

6:11

this this happened to me before you don't fight an attorney

6:16

without a lawyer so much going on so but Anthony you've been in the business a

6:22

long time I've known you a long time you're well connected you know very well about lawyers what

6:29

dat what's going on and how are F go ahead so thank you for letting me come

6:35

on let me give you an update about this situation okay all right because I know you don't follow the love marriage

6:41

hunsville um platforms and the everything that's going on the end and outs okay so granted you only read what

6:49

was on the paper okay you just only saw the documents right and I know for you I listened to a few videos people didn't

6:55

like that my name wasn't called on there but I'mma say this I feel this is my

7:01

honest opinion I honestly feel like the people that are involved they should have the same access to see what all has

7:08

been filed because I literally get emails right now of some of the defendants that are on there saying like

7:16

you have by such and such time to respond and I know quite a few people

7:21

that are like I'm not paying this no attention I don't care about this wrong

7:27

mindset please care about it I wouldn't wish this on my worst enemy because granted if you don't it would be a

7:32

judgment by default I can't give you legal advice I can only speak of stuff that I know and I'm not telling you

7:38

to just saying so the thing is there was

7:43

a person that was going on so many different platforms right and honestly

7:48

they got their opinion opinion like everyone else um I don't know if the individual still goes on other people's

7:55

platform they're none of my business but I can only speak for me because if you see what I found hopefully the people

8:02

that are are a part of that lawsuit go look and see exactly what I found because the

8:09

complaint it give exact dates of some of the other defendant or if they did this

8:15

all right I can't say if they did it or not I don't think I can say look I don't got nothing to do with it I fil my

8:20

motion and I'm just gonna leave it like that but the thing is I put proof in exhibits to show me myself and I got

8:27

nothing to do with this so so if you go to

8:33

um page five of this complaint that's public records right if you go to page

8:39

five and look at the first paragraph on C it says um plaintiff is a federal

8:45

attorney licensed in the US District and what the district is Right PL to visited

8:51

YouTube content creators channel to discuss current events and analyze a television show love and marriage

8:57

Huntsville on the OWN network work/ discovery Warner Brothers plaintiff only

9:03

provided her first initial and last name and ask for YouTube content creators to

9:09

refer to her as Anonymous so in this complaint you just

9:16

told everybody that you provided your first initial and your last name on

9:22

social media so I can't speak for nobody else but you put your own information

9:28

out there M now if you go on into this complaint um I highly tell the other

9:36

content creators like you all really need to pull the files and see what all has been filed if you look at the

9:43

document that I put up clearly you can see there are two different

9:48

stories look at the complaint that was filed and then go look at the police report that was

9:55

filed it's everything is out of order so if you look at certain things when it had my name on it only

10:01

said July 2023 but if you look at everybody else's name it says the exact date like I'm

10:10

just going to say let's just say it was January 1st of 2024 it can have the specific date now we know how YouTube

10:18

work you can't get somebody's information and their identity just because they're a subscriber YouTube

10:23

don't give you that information now

10:31

the story on the police report it starts off a certain way but

10:37

then if you go to the complaint the names change it's almost as if a person

10:42

can't remember their lie now I do know U last night on my channel they were saying that and I'm G

10:49

say I'mma say his name they said that the person was on Chef dund dun's Channel and allegedly admitted that um

10:56

they were told to run background checks on the content creditors right now I don't know the validity in that and I

11:03

can't say if that's a lie or if it's true however if that is true I'm hoping

11:10

that the individual who I'm hoping that Chef dund would keep that clip to show

**11:16**

proof because if you don't have it what and say well your honor da d da what the first thing the judge is going to say

**11:22**

prove it to me show it to me let me let me put it in layman's turn so everybody

**11:27**

understand you're saying the person that filed this lawsuit is an attorney and the lawsuit makes no sense exactly but

**11:35**

in the lawsuit it had certain dates that you had to file certain things and the

**11:40**

reason I didn't mention you yesterday is because you're not a part of that lawsuit tell them why because I filed a

**11:46**

motion to be dismissed and I provided the proof and the evidence of why I should be

**11:52**

dismissed and I have absolutely nothing to do with this everything is basically he say she say or I believe you that's

**12:00**

not going on work in the court of law you can't say I believe this if there's no proof or no facts to prove it then not

12:07

only that Anthony you are not obligated to tell them that they miss filing a

12:12

motion the these people did not take this lawsuit seriously they ignored it

12:18

and thought they didn't have to do anything about it that's the oldest trick in the book for attorneys now

12:25

given the real that's on Terrence Terence Smith oh God I'm sorry it's public record but but the thing is let's

12:32

really be honest right there that's not his name that is not his name at all but

12:38

am I responsible for that I no because you was only reading the court document okay it's right but the thing is

12:45

Terrence even said look that's not my name so it's like it show you how much

12:51

the lawsuit is even more it's like you don't even have the people's correct information and fing stuff and it

12:57

doesn't even make sense now that person that you just mentioned a lot of people made videos yesterday

13:03

saying oh you got it wrong you don't do your research being so so immature and

13:09

naive and not realizing what's going on I could read a document if I want to I

13:16

don't have to contact anybody and tell when I do the P didy case I didn't call P Diddy like can you give me your side

13:22

of the story give me permission to tell that what you're in a lawsuit I'm don't get mad because it's

13:29

so immature like you did me wrong you made name my name no the person that

13:36

sued You Did You Wrong and even though you feel like the lawsuit is frivolous you still have to respond but because

13:43

you didn't you could lose this case by default y'all need to get y'all some

13:49

attorneys and open some damn books and realize what's going on this ain't no damn game this ain't no game now I can't

13:57

speak for the other content creators because I don't know what exactly happened on their channels I don't know

14:04

that's not my call I can only speak for my name so if you're looking at a complaint and you  
14:11

see so many D I'm going read read this off hold on let's read it off a little bit because I want  
people to see well

14:25

listen this is saying um

14:32

it's saying Mr Anthony L dots me on July 2023 per

14:39

intelligence what what is that

14:46

um this next person that's a content creator um it says when talk and drop

14:53

the mic allow panelists to dox me publish my government name and information but the thing is  
you're

15:00

saying that they publish your government name and your information when you clearly go to the  
fifth page and say

15:07

that you use your first initial and your last name on social media so not trying

15:13

to take up them but I'm curious like how can somebody publish your government information if  
you publish for the world

15:18

to see so let's go ahead and move forward you're reading what's in the comp this

15:24

I'm reading what's on the paper so um prosperity on thick girl and then they

15:30

bring up Chef done done continue to Doc plaintiff on evening 72823

15:36

8223 12723 12223 then it came from another content

15:42

creator 11523 116 23 11 13 23 11 21 23

15:48

19 no 12 9 23 12 10 23 12 20 23 1222 23

15:54

then it moves on to another 12623 128 23

16:00

like but but that's done on purpose so you can forget a date it's like a barage

16:07

of stuff they're just throwing at you ites right I mean to me the case didn't make sense but you  
just touched on

16:14

something because my wife got charged with well you know people saying oh I'm

16:20

upset because she said I dock somebody we didn't say anything my wife did not

16:26

write that complaint she did not file that lawsuit suit and be honest with you

16:32

just talking about the lawsuit wasn't even important we were just saying the chaos that's going on with love and

16:38

marriage Huntsville so when we just happen to go down that's why she didn't go into detail of the full lawsuit just

16:44

gave some of the names just the first name then you get people who come back and say oh well huh that person

16:50

mentioned my name and it w me if it wetting you you know you haven't been sued and if it's not your name you good

16:57

but on the documents my wife didn't just make your name up she just read whatever

17:03

that was there so I think people so uptight and nobody called you guys

17:08

millimeters that's in the lawsuit and it was it was another

**17:13**

blogger um Pretty Brown Eyes they

17:22

pretty F you're fading in and out

17:27

so goad I good so even with the um the

**17:32**

Blogger pretty BR eyes if I'm not mistaken pretty BR eyes won her

**17:40**

case with a frivolous lawsuit okay like it's the thing is like

**17:46**

she had to file the paperwork you couldn't just sit up here and say oh I don't take this seriously no the thing

17:52

is the paperwork is being filed in a serious manner like it's really court documents you have to read this stuff

17:57

don't sit up here and say oh I don't care about this if you get these deadlines please try your best to meet

18:02

those deadlines I don't even care if they don't like me but like for real it's going to be a judgment by default

18:07

that's what it's basically trying to be that's in my opinion so it's it's ridiculous you got to F

18:16

your law you got to follow through or you're going to end up with a default judgment it's not about who can read the

18:22

best it's not about you did me wrong because I have no obligation to call

18:27

nobody it's immaturity at his finest

18:32

listen y'all keep missing them dates he she I wouldn't have told you anything so y'all should be nice to Anthony I would

18:38

have let y'all miss the dates but just because you feel that the lawsuit isn't valid doesn't mean you can just

18:46

ignore it because one day you gonna go to buy a car and they gonna be like you got a judgment now I do have to say this Shel

18:54

um Emperor radio did not have anything to do with this okay who Empress like

18:59

she didn't have she did that was so and I I don't know where that came from but

19:05

um I guess she had an issue or whatever I don't know but with this situation

19:10

this matter right here it literally had nothing to do with Empress at all and and I don't want to say anything bad

19:16

about her so let's just try not to mention her name okay it is what it is and we have moved on so uh but yesterday

19:24

was for the uh the the drama immaturity the immature people the

19:31

people that want to want to read want to play go you go do that you do that all day but we over

19:39

here trying to tell y'all y'all about to get lose by default okay because you got

19:45

to follow those case and that's the worst thing when an attorney sues you it

19:50

costs them nothing you the only one coming out of pocket it cost them Pennies on the dollar it's gonna cost

19:56

and like unless you know termin and know exactly what to do yeah then but if you

20:02

don't get a Rainer find somebody so you're not before I move on you are not

20:07

a part of the lawsuit anymore you did what you had to do you approached your attorneys y'all filed a motion and you

20:13

have been legally dismissed process is already filed I'll send that over to you good all right

20:19

that's why I didn't mention you yesterday like he out of it congratulations uh on having an attorney

20:25

like when you're a blogger you just need an attorney by your side at all times because all kind of stuff pop off all

20:31

kind of stuff pop off but these people they didn't even have like a lot of them didn't even have their name trademark

20:37

let alone a LLC it's really crazy now I want to get into some rumors here because I am openly saying I can't stand

20:45

the millimeters they're immature they're childish and they're not going to make

20:50

me think like them do what they want me to do they are a bunch of people that hate Martell oh by the way I started a

20:56

new fan club it's called Martel omers that's what we are over here we are Martel Omer we love Martel ain't

21:04

nothing y'all can do about it but with that being said all kind of

21:10

craziness popped off all kind of rumors are going on this is a [ \_\_ ] show and a

21:16

mess yes I know Anthony we've been friends for years about couple years

21:22

I'll if I get some information I'll call him sometimes be like is this going on there's different people talking to him

21:27

different people talking to me that show is a mess according to the rumors they

21:34

all feel isolated they feel like Carlos king is not giving them enough attention

21:40

and to be quite frankly they do not like Melody yeah I mean you know basically

21:45

that show they don't feel supported let's keep it real from Carlos they don't feel supported they don't feel

21:51

supported by own you know and people go oh well you don't even watch the show

21:57

no the work or Carlos are not giving me a reason to watch the show Carlos G me a

22:02

reason to watch the housewives okay I mean I can't disagree with that

22:09

yeah I'm just simply saying that I can see how the cast cast uh members feel this way like if you sitting

22:17

there your own producer ain't you know trying to Market you and you see him

22:22

it's almost like you know you're supposed to love your kids and you you got five or six kids of your own but you

22:28

ignore them and go and play with the neighbor kids every day

22:35

ridiculous it don't make sense to me and I think the problem they got with mail

22:41

on the thing um it's a lot of shows that when they have people on the show remember like uh I think it was uh Mar

22:48

the medicine when you a soall producer and on the cast it s of cause a problem so if M got

22:57

all this pool it's cause a problem because now the rest got to say it

23:03

caused a problem but this is what I think uh there's a lot going on I think that Carlos was getting dragged and he

23:09

tried to uh better the show what are all the rumors that you're hearing Anthony

23:15

about this show as right now I know um what I've

23:20

heard that basically Martel has been in he he want his life to be really filmed

23:25

his real life not people tell him to find a woman to film with what else

23:32

because last year they set him up with shereé that was fake as can be right that's what I heard yeah that's

23:39

what we hearing what else you are you hearing um I'm hearing that basically

23:46

melan is upset that Destiny is back on the show and it's been some stuff going

23:51

around about people fing stuff with HR don't know the and out to that oh

23:57

they got intern drama wow go ahead why wouldn't why wouldn't she want Destiny on the show why

24:03

not I think it's maybe maybe because of a comment that Destiny made I think she said that her mother was pimping her out

24:09

or something like that um what

24:15

else and I think I honestly feel like it's a lot of you know what maybe

24:20

wanting people to pick a side and not be loyal to Martel yeah that's my opinion

24:26

so yeah now we hear a lot these rumors going around now before I say talk about

24:32

this rumor I'm going to tell you people couldn't stop talking about Arion and

24:39

Knox they couldn't they couldn't get enough she's this she's that that's not the baby she wrong but when the rumors

24:47

fall on Martell and Melody all of a sudden you talking about a child you talking about child you was talking

24:53

about a damn child too so y'all telling me that I can say all the stuff I want

24:59

about Arion and Martel but Mel is off limits have you heard these rumors about

25:06

this paternity test and the baby tell me what you heard about that I heard that

25:12

there was a DNA test but nobody will answer the

25:17

question I heard there was a DNA test and I'm wondering because the people I'm

25:23

hearing from they they don't it's like they are under some kind of contract not to tell us do you think that Carlos

25:29

would do the right thing and put that on the show and stop trying to Port portray

25:35

uh Martel in a negative light and just let it be what it is will he ever do

25:41

that I doubt it it is what it is but I'm G to tell

25:48

you what the rumors are so that's the rumors am I talking about a child about the same way I was talking about arion's

25:54

child we have a right to know question wonder about the

26:01

paternity uh hi beatric she says I think melie paid Destiny hush money I don't

26:06

know but I will say this because we are talking to separate people there is so much controversy between the castmates

26:13

it's not even funny do you get that too Anthony oh yes I know it's a lot a lot I

26:20

mean this is supposed to be a television show and y'all supposed to do like they do on Married to Medicine fight on the

26:25

air and then when y'all get off be like girl that was so funny when you said this no they taking it to heart and

26:32

trying to hurt each other what's wrong with this is the worst cast ever but I think that it stems with

26:39

melan I feel like I feel like people look at Melanie as she can do no wrong

26:44

no one is perfect um especially with the situation you know I got that's about to be in the process with her and I'll send

26:51

that over to you go ahead tell talk about your situation with Melody you know she basically went live on her

26:58

social media platform accusing me of committing crimes you said I was stalking you and then you also said that

27:05

I was endangering children not only that you told the world and all these people

27:11

that was watching to basically I need all of the mandated reporters if you are a mandated reporter reach out to me

27:17

because you got my address and where I work at and the location and we can make the phone calls tomorrow meel you heard

27:24

that Melody said that no it ain't no she said it she said that now on top of that

27:30

you told people to unsubscribe from my channel if you follow me on you will

27:36

unfollow him or whatever she said in that in that sense but my thing is number

27:41

one ain't nobody ever stalked you I don't I don't know you I never met you

27:46

before number two I don't work with children at all so you don't put multiple lies out

27:55

there but speak on that paperwork that you got from the attorneys and let everybody know how many laws you broke

28:00

I'll send it over to you I would send I would send all six

28:06

pages for you to read every last law that was broken do you hear about any ceas and assist going on behind the

28:14

scenes quite a few it's crazy it's crazy it's all over

28:19

the place but she doesn't want to talk about it when you tell somebody they are mandated reporter and go over to

28:25

somebody else's comment section listen I used to feel really sorry for Mel till I realized she was a damn

28:31

manipulator okay when I couldn't say hey Martel if he wants to be a dad let him

28:37

be a dad she sends them all to my comment section no girl you playing head games so just because I don't even watch

28:44

the show like that but because I don't want anybody controlling what I say or do this is uh my meter heaven let me

28:53

explain to you what I do far as like work I help people with autism with

28:59

disabilities and for you to sit there and put out that somebody is endangering

29:04

children when you got someone that's literally s here doing assessments helping families if they were to pass

29:10

away right now what would happen to their loved one to make sure they're okay I literally sit here and talk to

29:15

parents every day dealing with their loved ones saying look they're not going to bring in enough money um we need to

29:22

find a housing for for the person okay you need Discovery you need exploration

29:27

um are they getting any type of SSI food stamps for people with disabilities trying to help them get jobs when people

29:34

age out of DCs and they don't have nowhere for them to go I help find placement for adults for and for you to

29:41

go out there and challenge my license to business to basically sit sit up here and say that I'm in danger of people I

29:47

have a problem with that only a evil person in this world would sit up there and do something to an individual that's

29:53

helping people with disabilities and but you're the main person C the person you're against abuse not only that there

30:00

was another member that came on in my chat said she made fun of her disabled son but let me address this really quick

30:07

Perry before you talk uh the very very mature Evelyn Phillips said shut shut up

30:14

you just don't like M if Mel leaves the show it will end I appreciate your

30:19

comment now get the hell out my chat and I don't ever want to see you again well no and the fact is you know

30:28

if we don't like M we have our reasons like you got your reasons to like her

30:33

nobody had no bones to gripe with Mel and like my wife said used to feel bad don't interviewed her and just because

30:41

we didn't look at her as being perfect the perfect victim not saying she wasn't a victim of being cheated on and things

30:47

like that but she ain't the perfect victim when we said that hey she still might want to reconsider and least try

30:54

to work it out to have the father of their kids in their Liv was wrong at that point we became marel lovers male

31:02

haters and to have people come over the flood when you have an adult

31:09

conversation just because a lot of these people and when I say melan nators the ones who going hard and don't have a

31:16

open mind to see what's right or wrong because to some millimeters M can't do

31:22

no wrong and trust me it's going to come out

31:28

if if it don't come out I greatly come back remind me in a couple months to say hey I apologize it didn't come out that

31:34

M got a dark side that these people choose to overlook you got a story on how she you

31:41

know try to damage you I think Mel has a ego and would damage a lot of people but

31:48

she hide it under the cute face and the uh trauma she went through by being

31:54

cheated on if I hear that one more time there's a lot of people out there that

32:00

right now if I said you know I mean because really to me m has even even if

32:06

they had a bad relationship and they moved on B and and my opinion is  
32:13  
successful she's doing well why keep you know fighting with  
32:18  
Martel and I think it's on both of them as a Dos I think both things to Trigg each other so I'm not  
picking one side  
32:24  
other but I'm not GNA exclude her from the equation and say is all Martel  
32:30  
F I'm not I'm not and and that's that's what it boiled down to people say what  
32:35  
do you have against Mel I don't have anything against Mel I don't know Mel  
32:41  
but when you start sending your cult over into my chat because I said I like  
32:46  
Martel something wrong with you telling people that they're mandated reporters and you got to  
go report  
32:52  
you're coming after the blogs girl you think we gonna sit here and just let you come for us when  
we know you got a whole  
32:59  
bunch of damn Secrets okay I plan on cover I don't even want to watch this  
33:04  
show but because people are trying to take away my right of freedom of speech  
33:11  
now I got to put it on the damn docket so I don't know I'm not going to cover it every day but I'm  
gonna cover  
33:16  
it when I can and for sure I'm gonna uh start dropping the drama the T what's  
33:22  
going on behind the scenes because I I when I last checked we had four children  
33:28  
not five I am not related to you and I'm not your child I can do whatever I want  
33:34  
to do and you can go talk to your damn cult  
33:39  
and give them instructions on what to do but I'll tell you this y'all want to play dirty you think  
you the only one  
33:47  
y'all need to leave me alone I ain't playing with none of y'all I support Arian team  
33:52  
Arian team Martel girl I tired of you crying dragging this [ \_\_ ] out for three  
33:58  
four damn years not seven somewhere around there a long time not letting people get move on  
you want the same  
34:05

storyline every year because you throw the rocking hiide your hand let's beat up on  
34:11  
Martell and other people Destiny and all them other people let's beat up on them  
34:16  
make them you know look bad so y'all don't look over here but not only that how do you be okay  
with watching people  
34:24  
bring down try to bring down stormy business campus Beauty to sit up here and say okay you  
see what they're doing  
34:30  
to her brand but it's okay for everybody to sit up here and go support what you got going  
34:36  
on I don't like her I ain't gonna never like her she's a manipulator and guess  
34:41  
what I don't have to like you not at all and guess  
34:46  
what I'm a blogger did you know it was against terms of service to send anybody  
34:52  
anybody's chat you ought to be ashamed of yourself oh I didn't do anything I  
34:57  
don't know why everything God bless you God girl you are a fake and a fraud and  
35:03  
that's the part I think because she's really smart in my opinion I think she's smart enough to know  
how to manipulate  
35:09  
people and keep her fingerprints off what happens I think she got this coat  
35:14  
like leadership that she could guide her flock to do the things so her hands  
35:20  
aren't actually on it throw the rock listen I think that natavia got caught  
35:26  
up in her we that's uh when Tay talks cuz I told you  
35:31  
she has a small house and there's nothing wrong with that but I'm saying there's a different  
35:37  
tax bracket between her and Mel and she just thought she's on TV she's famous  
35:44  
she's beautiful I want to be her and so you just the ring leader you  
35:51  
gonna do whatever she tell you to do girl I'm so disappointed in you T I don't ever want to see  
you again natavia  
35:57  
and I'm just disappointed in you girl you from you from um Detroit you supposed to know when  
you getting  
36:05  
ConEd let me read this really quick let's not forget the video of physically

36:12

oh oh yeah yeah yeah listen it's all kind of stuff out there so has anybody on this panel heard about uh

36:21

Melanie blackmailing Martel for the kids could

36:26

come on the show or something like that has anybody hear that something like this have you something with the charges

36:32

she got pressed against him that she would drop the charge now I don't watch the show so if I'm wrong I'm just giving

36:37

you the general perspective that I'm you heard yeah that she is willing and no first she don't want him to be around

36:43

him because he got these cuckoo problems and not safe around the kids okay but

36:50

and she don't want her kids in danger which any good parent should be that way but when you willing to drop it just to

36:56

have the kids on so to have the kids on you would put your kids in danger and

37:02

let him hang out with a cuckoo bird right it's almost like when people send their house to Diddy's house send their

37:08

kids to didy just saying I like who does that but either way it doesn't make

37:13

sense to me and I think I it's the weirdest thing me you

37:18

debate this I think part of her still want Martel if not I think she's so successful she would have just moved

37:25

on I don't know per I don't it I'm more I'm more I don't really care I'm more

37:31

disgusted in her behavior for three years right right right for three years and and it doesn't

37:37

give a damn about anybody else but herself you know when you make fun of Martell and you tell everybody what a bum he is that's is those children's

37:44

father what are you doing I was told the exact message was if

37:52

you I I was told they said the message said if you um I will drop the I will

37:59

drop the abuse charges if you allow the kids to be back on television and on social media that's blackmail okay now

38:07

think about that now just that statement alone what make her a better parent than Martel if  
38:14  
that's true I know him being a parent has nothing to do with his relationship with  
38:22  
Mel people cheat all the time but they still love their children and who plays head games with  
38:29  
their kids who use their kids as bargain as a bargaining tool like it's so much  
38:35  
about this chick I don't like it's not even funny did she do anything to me no  
38:40  
what made me realize she was a bad person was those psychopath the cult  
38:46  
that she created that they call themselves The melom Meters coming over here every time I just  
said something  
38:51  
nice about Martel they want me to say we hate men and all men are miserable and  
38:58  
men don't take care of their kids and hate ha and men men and more men I'm not  
39:03  
one of those type of women I have a husband that I've been married to for 34 years I have  
39:09  
boys I have grandchildren boys y'all want me to go around tell how everybody  
39:14  
how men ain't [ \_\_ ] no your man ain't [ \_\_ ] because you picked the wrong one but not  
everybody do that and I say this  
39:22  
to sh like I'm GNA say this when we talking about this laow case I don't think male is the kind of  
person that  
39:30  
would put her kids in danger I think male love her kids I think she's a good mother and like I'm  
just saying from the  
39:36  
outside this is what I see so it wouldn't make sense for her to file that report then turn around and  
say I'mma  
39:42  
save my kids from danger but if they can come on TV they can go to Danger every weekend  
every other weekend I don't  
39:49  
think she would do that but lie and and and try to keep going  
39:56  
back for with Martel like I said I think it's both of they fault I think both of them go tip for tap I  
mean the judge did  
40:02  
say that I guess they said Martel had the better interest for the children but  
40:09

both parents were at fault not just one specifically but both parents she put him in that predicament the way oh the

40:17

birthday party's over here and you ain't allowed to like she wasn't trying to co-parent with

40:22

him the the evilness the manipulation is what I can't understand so what made me

40:29

start not liking Mel because she came on my show and I interviewed this woman and

40:34

I was like oh oh it'll be all right like everybody she loves the attention oh he cheated on you she G act like she a

40:41

little baby oh it be all right and I was one of those people then I was like well girl that happened two years ago then

40:47

three years ago now we going on four years and you still want everybody to cuddle you because you were cheated on

40:54

and you know everybody saying that in this trailer the most important thing is

41:00

Marcel said saying something do you know about that Anthony Marcel made a comment

41:06

on the trailer basically saying that this is the man that you had three kids with and then he tried to come back say

41:13

like four um that's what everybody has been talking about him basically alleging that she only had three kids

41:20

like maybe the last child Ethan martos allegedly that's what they're saying yeah and even on Tasha K show I think

41:27

when did an interview that but now I get it and I said it's two wrongs on both sides I

41:33

think he play certain games I think he go low too so he could have said that

41:38

just to throw a dig back at her we don't know but end of the day I think they

41:43

both know the fraternity of the baby you know what I'm saying you know because I think

41:49

a lot of this go to the public plan of public game the other but at this point

41:55

since they gonna talk about all the things Martel don't do in the rumors we could talk about those rumors it's a lot

42:03

of rum now so all season I'm gonna give

42:08

Melody what she wants I'm just gonna flip it I'm not gonna say nothing nice about you and I'm team Martel period you

42:16

want to bring out people's flaws let's bring out your flaws because we got a lot I'm just gonna start dishing it out

42:21

week by week because girl you need to grow up I've always said I'm team the show I'mma give a person when it's due

42:28

but as of right now she don't really have nothing good coming for me right now I also hear that they going to be

42:34

other story lines this season who do you think they're talking about which one

42:39

are you talking about far as like since Destiny's coming back they're talking about her producer Sunny married her

42:46

ex-boyfriend now okay so you know how Okay Shar y'all know how reality TV is

42:52

when it comes to cast members each person have their own producer right right right so um if I'm not mistaken

42:59

Kiki her producer was Jordan last season and I think Destiny's producer was sunny

43:07

so basically what's going on they saying that Sunny married Moses that's her

43:13

exboyfriend and Destiny is saying that basically she was talking to Sunny about I guess things that was going on in the

43:18

relationship she was thinking that she was building a relationship with um with sunny everyone know the goal of producer

43:24

their goal is to gain your trust to make you think and believe that you all have a friendship oh that's scam so now

43:31

Carlos brought sunny on the next season sunny and Moses will be on there and

43:38

basically Destiny is going to have I guess a Ponderosa with sunny and

43:44

Moses but he said that she's more transparent this season so let me say this to Carlos King I've been dragging

43:51

you I think you've been putting out shitty shows you're produ you dro the ball of produc see uh Love and Marriage

43:58

Huntsville you're all up in the housewives business but Carlos King if you give us a good season I will

44:04

acknowledge it and I would take it all back but right now you're just a shitty producer that's uh messy I I think think

44:12

you're messy but if you finally decided to do your job because I'm hearing that they're not just gonna focus on Martell

44:19

and um Mel the Fletchers in here um the Fletchers nail and Tisha they're having

44:25

some type of issue I guess Tia didn't like that nil basically said that she was her Mentor I guess trying to downplay maybe them trying to establish

44:33

some type of relationship I honestly feel if that is true is maybe because

44:39

Mel and nil are good friends and maybe Neil want to show that show Mel that

44:44

she's loyal to her so she's not trying to step outside and build a relationship with Tisha

44:52

and the husband he did an inter his daughter did an interview with give him

44:57

the real tea what husband NE Chris Chris Fletcher that's Na's husband he did his daughter did an interview with u GI the real te and that was her first time basically saying that

45:04

interview with u GI the real te and that was her first time basically saying that

45:09

she called na a side chick and basically trying to make make it seem like Neil kind of broke up her mother and father

45:17

while they was married or whatever so that's going to play out they're saying even though Kiki was

45:23

not in the trailer I was heard I heard that basically I think Kiki maybe film three

45:29

scenes I don't know the validity in that but I do know that one of the scenes were her and male and from what I told M

45:35

went the hell off on her on KiKi okay so so tell everybody if you feel like talking about it this season I would go

45:42

to your channel and Mel was working with some bloggers and she was working with Kiki and you have evidence to prove that

45:49

they both were working with bloggers I feel all I this is my opinion I think a

45:55

lot of the cast members have specific bloggers that they talk to in this situation Kiki and I was talking okay so

46:03

Kiki and I was talking I mean I let it play out so basically something happened on the Houston trip and basically if you

46:11

go back to my channel like all the recordings are right there they left me no choice but to upload it pretty much

46:17

and I wasn't trying to go there so basically what happened was there was something said that M did something to

46:24

Kiki and basically everyone on the C kind of attack Kiki right and one thing about this Kiki

46:33

never told me that M paid for her flight to get back home never said anything about that right keep in mind she was

46:40

upset with male keep in mind the mother Kiki we all on the phone they trying to

46:45

come up with some type of damage control to cover up M because Kiki said that Mel

46:51

wanted her to go live and fix the situation I guess to make it look as if

46:57

didn't do anything wrong this is on the recording this is coming from

47:02

Kiki so now Kiki explaining that me and M we really are friends like blah blah

47:08

blah blah the mother C per going live I'm looking like okay y'all doing all this and I'm just gonna kill it with the

47:14

with the conversation itself is there any possibility that Carlos King got wind of what was going on I'm pretty

47:21

sure he knew what was going on because they had you know he's doing that podcast tour right and basically on the

47:27

podcast um he told melan he said there's some conversation about some leak

47:34

conversations with Kiki and your name was mentioned he brought it up on the

47:39

podcast now so basically with that being said Melanie is explaining to Carlos

47:46

that well I didn't know all of that was going on until I heard the recording pretty

47:52

much and I'm like you me and you was on the the airplane going back home together and she didn't say one word

48:00

didn't say that your mom said this or I said this just let everything keep going

48:05

keep in mind I tried to tell her back on September the 20th okay I tried to tell her back then because it was actually

48:12

more to it but we're not gonna get into that and you heard that she was back on the show huh you heard that they gonna

48:20

bring Kiki back for a little bit but not not a lot I my opinion I think they're

48:26

just bringing her back just so they can give her an exit off the show what

48:32

that's just my opinion what does that mean I mean to bring her on to like basically like here

48:38

you did all this damage last season so let's go ahead and end you and get you off the show because Mel said to Carlos

48:44

that basically her block game is um like I guess it's real fast so basically I

48:49

guess she block Kiki so damn that's I mean I play that clip

48:55

maybe um I might do it tonight play that clip on my channel just so everyone can see it for

49:00

themselves so what I want to do is I just really honestly and

49:05

truly I don't know I watch this uh show sometimes just want to come back when there's drama or something me worth

49:13

talking about you guys can go to Anthony's channel for those uh Recaps because I'm not gonna do that and

49:21

Perry P says the baby is Martell's round face and ears stick out

49:27

oh but you know what beatric I hope so I'm not being mean when I brought that

49:32

up it's all over town and uh I hope they address it bab you know people quickly

49:40

say it's in the algorithm it's in the algorithm Okay add that's serious what if it's not

49:47

what you know we just need the result paternity results so then everybody know

49:52

where they stand so you know I and if the results are end that we're hearing

49:58

why won't you tell the public the results you want to tell us everything else you want us to buy this and do that

50:05

and do that but you don't want us to know the paternity results and a matter of fact you guys listen this is just my

50:11

opinion as a frustrated view sometime viewer is I

50:18

feel that when shows get out of hand you're supposed to report it to the producers that would be Carlos King I

50:25

don't suggest doing that I don't think Carlos King gonna do anything about it he too busy on tour write right Carlos

50:31

friend all the I said yeah I suggest if you have a problem with the show go to

50:39

the network Harry what are your thoughts on all this I know you don't know the storyline anything you wanted to add oh

50:45

no I mean pretty much that's it look I just think there I want to go back to the Martel thing because you know sometime you get to slow it up for the

50:52

millimeters who try to find a way to say you a hater I think both adults in this

50:58

whole situation are throwing rocks at each other playing games with each other now I know the mangers can admit that

51:04

Martel is playing the game but they refuse to admit Melanie's playing the

51:09

game also I don't see I don't see how martel's playing a game what kind of game is he playing no no no I'm just

51:15

saying okay I'm just simply saying I think they toy with each other and they do stuff to

51:22

get underne their skin I'm I'm not exactly sure that's right you don't yeah yeah yeah if he is playing the game he

51:27

losing in in the public view well yeah no no I I get okay okay basically I'm saying I'm sure the Mel com right now

51:33

can tell you a thousand things that Martel could have done to oh he said

51:38

this in the back room he said the baby might not be here whatever I'm just saying I think they both adults and need

51:44

to get it together and be parents for these babies and I really truly hope it

51:49

is his baby or it does I guess it doesn't matter as long as Mel can take care of the baby do whatever you know

51:56

that it before I start reading these comments did you hear anything uh Anthony about them filming Martell being

52:02

arrested this season that's going to be on the first episode I think oh CH I want to see that really Carlos I'm

52:10

telling you but Carlos said when they first like the first day of filming is when he got arrested so Carlos if you

52:17

pull off a good season I would do a 180 turnaround and give you your props but

52:23

right now you're suspect let's start answering these questions Mar tell said sugar mama is his daughter and wants Mel

52:30

to stop calling his daughter sugar mama why do they call her sugar mama I don't watch the show I mean they all have a

52:36

nickname so oh okay just a nickname yeah uh that's part of watching the show

52:42

okay she must be talking to somebody else Tiffany

52:48

G who is that Tiffany TG uh GT hopefully

52:53

Kiki sees Melody for who she is Melody wants to be a part of the drama but

52:59

doesn't want anyone talking about her does that make sense to you I agree with that who is who's Tiffany I agree

53:07

100% okay and she said she said over and over on the show that basically she

53:12

doesn't like when someone try to make I guess like spend the narrative on her to make it look like she did something she

53:18

said that to Martel um Kiki even said that on the recording so I mean man been watching

53:27

since day one ain't nothing changing well that's what it feels like hi P girl

53:32

you are funny thank you for the stuff you be sending me the first day Martel got arrested while filming that's a new

53:41

record let's talk about Martel oh okay yeah let's talk about that Aunt T mitt

53:48

so Melanie says in her court documents that he

53:54

Aid his his son the judge orders a psych

54:01

evaluation let him stop seeing the kids for a number of days or months whatever it was but

54:09

ultimately a judge found that it was okay for him to be with his children and

54:16

not have supervised visits now what judge in their right mind will give

54:22

their kids will return the kids to someone that's going to put hands on

54:27

them right you got to make it make sense Auntie mitt read the whole document so

54:34

because what Mel wanted to put out there is oh he hit the kid he hit the kid no and he needed a s  
evaluation but she

54:41

didn't tell you the results of the psych evaluation and she didn't tell you why those kids were  
returned to him y'all

54:48

need to look at the whole situation and I'm thinking Auntie M I'm not gonna kick you out but  
you're a mometer and y'all

54:54

need to open your' minds up y'all get on my nerve and half of y'all

55:00

dumb uh so since when it's spanking of you yeah it could have been I got

55:05

whooping it was ridiculous so and I and now I appreciate the whooping and the spankers I I  
mean black some black

55:11

people a lot of black people spank their kids I got spanked that's what make black Mas black

55:18

masas we know how it is we ain't like oh Mom you hit me if you act up you get
